Optimo Care Group complete second acquisition of 2018

Optimo Care Group Ltd are thrilled to confirm the acquisition of the entire issued share capital of Choices Home Care Ltd for an undisclosed fee.

Choices Home Care Ltd, rated "Good" by CQC, was founded in 1999 and provides specialist and complex home and community support across Wakefield, Kirklees and surrounding areas. Providing great care and dependable support has always been core to the values of Choices owner Amanda Bunbury and her dedicated long standing team.

Commenting on the deal, Richard Walker Chief Executive of Optimo said, "Amanda and I have known each other for many years and had often discussed that when the time was right Optimo would love to have Choices as part of our Group of services. With a well-earned retirement now on the cards for Amanda we are so pleased to have such a well reputed service join us – we can't wait to work with the team!"

Optimo Care Group Ltd, led and co-founded by Richard Walker and Mark Hales in 2010, has grown and developed substantially over the last decade, now employing almost 800 people and providing care and support for thousands of people right across Yorkshire and also Merseyside through its network of trading services.

Optimo's ambition is to be "a service to be proud of" and recently relaunched its "PRIDE" values.

Amanda Bunbury added, "I am sad to leave Choices having run the service for almost twenty years. However, I know our services are in safe hands with Richard and his team and I wish the team well"

The advisers for the acquisition for Optimo Care Group were Grant Thornton and Browne Jacobson LLP.]

The deal follows the successful acquisition in April 2018 of the trading services of Yorkshire Care and Support Ltd.
